

vetforce

LIVESTOCK DUST

for equine, beef cattle, dairy cattle, swine, sheep and goats

ECO-EFFECTIVE™ SOLUTION TO PYRETHROID-RESISTANT INSECTS

Kills house flies, horn flies, stable flies and other flies, mosquitoes, ticks, lice and mites

- ✓ Surface-Covering Powder
 - ✓ Research-Proven Performance
 - ✓ Plant-Powered Formulation
- **EFFECTIVE:** Against insects resistant to chemical treatments
 - **EASY TO USE:** Exempt from residue tolerances
 - **NATURE-DERIVED:** *tough on pests, easy on the planet*

HOW IT WORKS

Natural insecticidal power of plant essential oils with a dual mode of action:

- **Biological:** Blocks Insect Receptors
- **Physical:** Disrupts the Insect Cuticle

For use in: Livestock facilities like stockyards, pastures, barns and others

PRODUCT INFORMATION

Active Ingredients: Geraniol, Thyme Oil

Inert Ingredients: Sodium bicarbonate, calcium silicate, calcium bicarbonate

***Available Size: 10 lbs. bags (2 bags/case)**

HOW TO USE

Dust Bag Application:

1. Place contents of bag into commercially available dust bag
2. Suspend dust bag in areas where animals frequent (chutes, gateways, lanes, in loafing sheds or near mineral feeders)
3. Suspend dust bag so that bottom of bag is about 6 inches below the topline of the animal

Direct Application:

1. Apply 6 oz. per head
2. Apply the dust from head to tail, avoiding direct application into eyes
3. Apply using a shaker, mechanical duster, powered duster, or other dusting apparatus
