DIRECTIONS FOR USE

Animals, bedding and food may remain on premises during application. Dilute with water or mineral oil at the rate of 1-8 oz per gallon, using the high concentration for severe infestations and low concentration for maintenance applications. For dilution rates and application instructions for specific insects, scan the QR code. Spray to wet treatment area and insects - product must contact and wet insects to be effective. Reapply as often as needed.

PRECAUTIONARY STATEMENTS

CAUTION: Do not apply directly to people, animals, or pets. Use with adequate ventilation. Avoid contact with eyes, and do not ingest. Wash hands thoroughly after applying. Wear safety glasses, gloves, and protective clothing. Do not eat, drink, or smoke while applying. **FIRST AID:** Have the product label available when seeking medical advice or treatment. Seek medical help if symptoms worsen or persist. **IF IN EYES:** Immediately flush eyes thoroughly with large quantities of water for 20 minutes while holding the eye lids open to ensure the material is washed out. Remove contact lenses if present and easy to do. **IF ON SKIN:** Wash contact area thoroughly with soap and water if irritation occurs. **IF SWALLOWED:** Do not induce vomiting unless told to do so by medical personnel. Keep the victim calm and warm. **IF INHALED:** Remove to fresh air. **PHYSICAL AND CHEMICAL HAZARDS:** Do not apply to hot surfaces or equipment. **STORAGE AND DISPOSAL:** Store in original container at room temperature in a dry location inaccessible to children or animals. Keep container tightly closed. Do not reuse container. Comply with state and local guidelines for disposal of unused product.
